the Capitol halls for more than a year  
to drum up support for their issue”  
(expansion of casino gambling).**

The Palm Beach Post, April 7, 2010

**Career politicians, lobbyists and political insiders run state government.** The differences between small business owner **Mark Marciano** and his opponent, gambling magnate **Pat Rooney, Jr.**, are clear.

## DR. MARK MARCIANO

Optometrist and *true* small business owner; knows how to create jobs and balance a budget

Relies on his small business for his livelihood

Platform includes a variety of issues including: low taxes, creating jobs, supporting our fledgling biotech industry and increasing our commitment to renewable energy

Has been to Tallahassee to talk with legislators about improving patient care

Understands the issues facing middle-class, working families and small business owners: rising taxes, skyrocketing insurance rates, tightening your belt to make ends meet

## PAT ROONEY, JR., ESQ.

**CAREER LOBBYIST;** heir to family gambling, dog racing and football dynasty

Runs his two restaurants as a hobby

**SINGLE ISSUE CANDIDATE;** wants to expand casino gambling to other pari-mutuel facilities

**POLITICAL INSIDER;** heads a team of lobbyists who have spent years lobbying the legislature for personal gain

Rakes in over \$1 million per month in gambling revenues from the Palm Beach Kennel Club alone. "\$1.15 million "take" in July was tops in the state."

*Herald-Tribune, 9-16-2010*

**Rooney...a bad bet for District 83. On November 2, take a stand against special interests!**

**Mark Marciano is the Palm Beach County outsider who will take on the Tallahassee insiders.**
